

The collage displays a variety of certification and membership logos. On the left, there are three NDA (National Design Award) logos for different categories: 'NDA DESIGN AWARD', 'NDA DESIGN AWARD', and 'NDA DESIGN AWARD'. Next to them are ISO 9001 and ISO 14001 certification logos. In the center, there are two CE (Conformité Européenne) logos. To the right, there are two logos for 'MEMBER OF THE INTERNATIONAL ASSOCIATION OF DESIGNERS' (IAD). The logos are arranged in a grid-like fashion, with some overlapping.

elinpack is mainly engaged in three series of products: Heavy bag bagging series, Rigid container filling series, and Ingredient batching solutions. Products are widely used in food, medicine, chemical and so on. We have been cooperated with Angel Yeast, Junlebao, Unilever, Nestle, Lesaffre, Roquette, IFF, Lee Kum Kee, Lanxess, DSM, SQ GROUP, BODUO, etc well-know companies, also have established a win-win cooperative relationship with them to help them to create and maintain competitive advantages in order to improve their performance.

National High-Tech Enterprise, Zhongshan Engineering Technology Research Center, ISO9001 Quality Management System Certificate, ISO14001 Environmental Management System Certificate, ISO18001 Health and Safety Management System Certificate, SGS—SMETA Report.....

- ▶ **Dosing Range:**10-50kg
- ▶ **Packing Speed:**2-4bags/min
- ▶ **Metering Accuracy:**±10-30g
(Varies according to the features of products and packing speed)

The main image shows a large, stainless steel industrial machine used for producing paper-based coffee capsules. It features a hopper at the top for coffee grounds, a central processing unit with various rollers and guides, and a collection bin at the bottom. Two inset images on the right provide close-up views of the machine's internal components and the coffee grounds being processed.

Dosing Range:10-50kg
Packing Speed:2-4bags/min
Metering Accuracy:±10-30g
 (Varies according to the features of products and packing speed)

Dosing Range:10-50kg
Packing Speed:2-4bags/min
Metering Accuracy:±10-30g
 (Varies according to the features of products and packing speed)

Dosing Range:10-50kg (suitable for pellet,granule,piece,flake product)
Packing Speed:2-4bags/min
Metering Accuracy:±10-30g
 (Varies according to the features of products and packing speed)

Dosing Range:0.1-10kg
Packing Speed:10-1500g 15-35bags/min
Metering Accuracy:±0.3-1%
 (Varies according to the features of products and packing speed)
Packing Speed: ≤10kg 2-5bags/min
Metering Accuracy:±2-10g
 (Varies according to the features of products and packing speed)

Dosing Range:0.1-25kg
Packing Speed:≤2kg 15-35bags/min
Metering Accuracy:±0.3-1%
 (Varies according to the features of products and packing speed)
Packing Speed: ≥2kg 2-5bags/min
Metering Accuracy:±5-30g
 (Varies according to the features of products and packing speed)

Dosing Range:10-25kg
Packing Speed:2-4bags/min
Metering Accuracy:±10-30g
 (Varies according to the features of products and packing speed)
