Seize Business Opportunities Worldwide with Our Matching Service

Relying on 40 years of strong visitor database from CHINAPLAS and continuous overseas buyer exploration, CPS+ eMarketplace e-sourcing platform provides suppliers with opportunities to meet high-caliber international buyers throughout the year.

Three steps about the business matching service

Buyer Verification

- Authenticity of buyers identity
- Validity of procurement requirements
- Relevancy of procurement details

Supplier Verification

- Authenticity of suppliers identity
- Suitability of supplier
- Contact details of supplier

Business Matching

- Provide supplier's contact details to buyer
- Regular contact with buyer
- Offer customized online & offline business matching sessions

CPS+ eMarketplace Empowers You to Achieve Higher

Supplier brands will enjoy below benefits aside from business matching:

Effective Display

Enhancing buyer's trust via multi-dimensional demonstration of corporate strength

Members can customize their online booths and product displays through photos, videos, brochures, special events etc. to attract global buyers.
