智能建筑节能环保展

International Intelligent Building &
Green Technology Expo

Why to Exhibit in EP Shanghai 2024?

- The only power and electric exhibition jointly organized by the China Electricity Council and State Grid Corp in China. It has been fully supported by major power and power engineering companies which help to organize large-scale conferences and to invite high-quality audiences.
- The largest and the most established specialized electric power exhibition in China, which is well attended by world's leading suppliers & international trade associations.
- Established in 1986, with nearly 40years' successful track record and experience, EP is the only electric power exhibition in China endorsed by the Ministry of Commerce, PR China.
- Comprehensive & effective marketing campaigns to draw in quality buyers from both China & overseas.
- In line with market trends, actively expand the entire power industry chain, and further focus on a number of potential user groups, including energy storage, data centers, rail transit, medical, construction and supporting with related conferences and forums.
- New products gallery and business matching services to help exhibitors effectively promote new products and technologies.
- On-site exhibitors live stream platform to cover online target customers.
- With new mobile cloud exhibition platform (www.onlineepchina.com), online promotion are fully integrated for 365 days.

FOCUSING ON POTENTIAL SECTORS AND MARKET TREND

**电力智能
制造装备**

Intelligent
Manufacturing

一站式输配电

One Stop Power
Transmission and
Distribution

**Covering
5 Theme
Zones**

能源数字化

Energy Digitalization

Photovoltaic + Energy
Storage + Charge

新能源并网输配系统

New Energy Grid-connected T&D System

THE SHOW SCALE EXPANDS TO

72,000 SQUARE METERS

EP Shanghai 2024
上海国际电力展

Show Date: Dec 5-7, 2024

Venue: Shanghai New International Expo
Centre

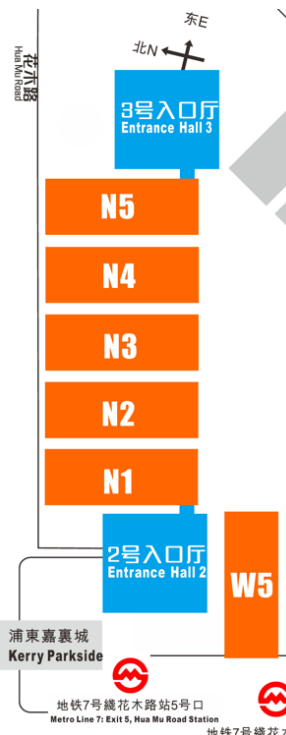

Scale: expect 72,000+sqm

Estimated No. of exhibitors / brands: 1,800

Estimated No. of visitors: Expect 60,000

Pavilions: United States, Germany, South Korea,
provincial and regional industrial associations,
etc.

EP 2024 Overall Layout

MAJOR GLOBAL EXHIBITORS

*以上排名不分先后 (部分名单)

ON-SITE Activities

- Concurrent Conference
- New Product Launch
- Business Matching
- Buyer Delegations
- Media Interviews
- Live Broadcast

*Specialized On-site Activities
to Enhance Business Matching*

ATTRACING YOUR TARGET AUDIENCES

Power Group, Power Grid Corps and Power Supplies

Power companies, power grid companies, power supply departments, planning departments, power engineering companies, design and research institutions, associations, societies and relevant government departments, etc.

Target Visitors

Industrial Users

Data centers, communications, environmental protection, medical care, rail transit, petrochemicals, electronics, complete sets of equipment, metallurgy, steel, cement, mining, coal, heating, etc.

Building Electricals

Real estate developers, construction contractors, architectural design institutes, engineers, importers and exporters, wholesalers and distributors, etc.
