

EP Shanghai 2025
上海国际电力展

Shanghai New International Expo Center,
PR China

2025.11.18-20

Emergency & Safety Equipment Theme Zone

**EMERGENCY AND SAFETY EQUIPMENT UPGRADED
UNVEILS THE LATEST SOLUTIONS AT EP**

Connect With Target Customers

Power grids, power companies and plants, design institutes and engineering companies, contractors, oil and petrochemicals, energy storage, rail transit, and public facilities

Authoritative endorsement

Organized by China Electricity Council and State Grid Corporation, Supported by China Southern Power Grid,

Exhibition Scale

86,000m² exhibition area ,with special theme zone on emergency and safety protection equipment.

Concurrent events

Power System Emergency Protection Technology Seminar" & "Power Safety Protection Forum for Energy-Intensive Enterprises"

Industry-leading Exhibitor Under One-Roof

Showcasing core technologies, gathering top industry resources, and good exposure to target customers

Scope of exhibits

- Power Safety and Firefighting Equipment:** Cable safety devices, electrical safety devices, fire monitoring equipment, automatic fire extinguishing devices, active protective flame-retardant materials.
Fireproof Materials and Products: Fireproof coatings, fireproof boards, fireproof sealing materials, fireproof sealants, fire blankets/explosion-proof blankets, microcapsule
- Safety Protective Equipment:** Personal protective gear, protective cases, and specialized labor protective equipment.
Engineering and Materials: Engineering construction and general materials.
Emergency Vehicles and Equipment

Shanghai New International Expo Center, PR China

EP Shanghai 2025
上海国际电力展

Emergency & Safety Equipment Theme Zone

Over 2,000+ Exhibitors/Brands from China & worldwide

(部份名单, 排名不分先后)

(Partial List of Exhibitors, in No Particular Order)

EP Shanghai 2025

Date: 18-20 November, 2025

Venue: Shanghai New International Expo Center

Scale: 86,000m2 with special theme zone on emergency and safety protection equipment.

Exhibitor: 2,000+

Visitor: 70,000+

Pavilion: United States, Germany, South Korea, Taiwan region of China, etc.

Emergency & Safety Equipment Theme Zone

**Xianheng International Science and
Technology Co., Ltd.,**
(Booth no.: 2J21)

安护电力
ANHU ELECTRIC

Xianheng International Science and Technology Co., Ltd., referred to as Xianheng International, is an A-share listed company established in 2008. It is a national MRO centralized supplier with strong offline service capabilities. The company's independent brand, Anhu Power, operates with the mission: "Leveraging technology to make live-line operations safer, more efficient, and smarter." It focuses on meeting the practical needs of live-line operation users and provides high-quality products, specialized services, and efficient solutions for 33 types of live-line operation projects under the State Grid and 41 projects under China Southern Power Grid. Xianheng International is dedicated to becoming a globally renowned provider of live-line operation solutions. www.xianhengguoji.com

**Shanghai Wancan Lighting
Equipment**

(Booth no.: 5M36)

晚灿照明®

Emergency Lighting, Power
Generation, and Drainage Cabin

Shanghai Wancan Lighting Equipment primarily specializes in the production and supply of:

- Fixed professional lighting
- Mobile professional lighting
- Mobile explosion-proof lighting
- Fixed explosion-proof lighting

The company is dedicated to serving industries such as oilfields, petrochemicals, power, metallurgy, railways, stadiums, military, police, and firefighting.

shwancan.com

**Zhejiang Dahua Technology
Co., Ltd.**

(Booth no.: 3J45)

Dahua Technology's power industry solutions focus on generation, transmission, transformation, distribution, and utilization, using visualized management as the foundation. Through advanced technologies like video IoT, AI, integrated communication, and large models, the solutions enable intelligent perception, data analysis, decision-making, and digital twin applications, enhancing risk control, production command, and emergency response, ensuring stable operations and smart development for the power industry.

Emergency & Safety Equipment Theme Zone

Shanghai Zanray Industrial Co., Ltd

(Booth no.: 5K01)

Shanghai Zanray Industrial Co., Ltd., founded in 2003, specializes in developing, producing, and selling personal safety equipment and protective clothing for industries like firefighting, law enforcement, petroleum, chemicals, and metal smelting. www.zanray.com

Shanghai Chengge Safety Equipment Group

(Booth no.: 2K11)

15cal High-Transparency Gray Spherical Anti-Arc Face Shield

Shanghai Chengge Safety Equipment Group Co., Ltd. develops and sells emergency rescue gear, protective clothing, safety tools, and materials, providing one-stop solutions for workers in high-risk environments like fires, explosions, and chemical exposure. * www.chengge.com.cn

Vertical Consulting

(Booth no: 4S21)

Electricity Inspection UAV

Founded in 2011, Vertical specializes in high-altitude work equipment, emergency rescue gear, training, services, and solutions. It provides professional products and services for industries such as power, clean energy, emergency rescue, offshore wind power, offshore oil, and construction. The company's high-altitude work equipment, rescue gear, personal protective equipment, and fall protection devices feature world-class technology and enjoy a strong reputation globally. www.vertical.cn

Beijing Bailineng Safety Protection Equipment Co.Ltd

(Booth no.: 5P39)

3310 Protective Case

Beijing Bailineng Safety Protection Equipment Co., Ltd is located in Taizhou, Zhejiang, a coastal area with excellent transportation access. The company owns its production facilities, equipped with injection molding machines, cutting machines, and engraving machines, enabling rapid delivery of bulk orders. For years, it has been a long-term supplier to global partners. The factory also features a self-built EVA inner liner production workshop, offering convenient custom liner processing and efficient delivery control. Customization services, such as combination locks, logo printing, and perforations, are available, enhancing packaging while optimizing product presentation.

Emergency & Safety Equipment Theme Zone

Weicheng Fire Protection Technology Group Co.,

(Booth no.: 4C02)

Flexible Organic Firestop Material

Founded in 2007, Weicheng Fire Protection Technology Group Co., Ltd. specializes in fire-resistant materials, construction projects, and fire protection design. With a registered capital of 66 million yuan, it has earned accolades such as "China Green Environmental Protection Enterprise" (2017), "Top 10 Fireproof Material Brands" (2018), "High-Tech Enterprise" (2020), and multiple specialized certifications (2021). In 2022, it received the "AAA Enterprise Credit Rating Certificate," adhering to the motto "Centuries of Excellence, Integrity First." • <http://www.hbweicheng.com/>

Langfang Zhongrui Fireproof Materials Co., Ltd.

(Booth no: 4K41)

Polymer Waterproof and Fireproof Sealing Agent (Foaming Type)

The company offers fireproof bags, blankets, explosion-proof mats for cable joints, fire-blocking materials, cable fireproof coatings, polymer anti-condensation sealing materials (self-leveling, foaming, spraying, waterproof grouting), fireproof cable trays, and L-shaped composite fireproof boards. It has obtained inspection reports from national fireproof building material and electrical material quality supervision centers, passed three-system certifications, and earned over ten green certifications, including green factory and supply chain • <http://fire-proof.cn/>

Langfang Ruitian Fireproof Materials Co., Ltd

(Booth no.: 4J45)

Polymer Moisture-Proof Sealing Agent (Anti-Condensation Type)

Langfang Ruitian Fireproof Materials Co., Ltd., founded in 2015 with a registered capital of 20 million yuan, is located in Dacheng County, Langfang City, Hebei Province. It develops, produces, and sells fireproof sealing materials with advanced.

Hebei Junhui Security Technology Co., Ltd.

(Booth no.: 5D19)

Interior Intumescent Fireproof Coating for Steel Structures

Hebei Junhui Security Technology Co., Ltd. focuses on developing and producing advanced passive fire protection systems, supported by a provincial fire research lab. Xinjiang Junhui Nuclear Material Technology Co., Ltd. develops fireproof sealing materials for civil, military, and energy sectors like nuclear power. Xinjiang Junhui Fire Protection Engineering Co., Ltd. specializes in construction fire protection, anti-corrosion, insulation projects, and related technical services. • <http://www.jhfhjt.com/>

Emergency & Safety Equipment Theme Zone

Fujian Huaneng Electric Co., Ltd.

(Booth no: **HNDQ** 华能电气
4K02)

Explosion-Proof
Box Series

The company specializes in 10kV–220kV cable joint explosion-proof boxes, fireproof blankets, integrated pole-mounted circuit breakers, 10kV outdoor isolating switches, cable trays (fireproof trough boxes), fireproof boards, smart grounding boxes, and insulating shields. Its products are widely used across the country, mainly serving State Grid, Southern Power Grid, and power sector clients.
www.juneok.com

Suzhou Woxing Electronic Technology Co., Ltd

(Booth no.: 4K33)

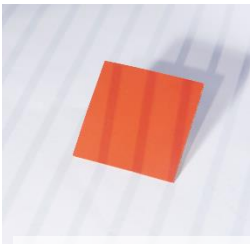

Self-Curing Insulation
Waterproof Wrapping Material

Suzhou Woxing Electronic Technology Co., Ltd., founded in October 2006, is a high-tech enterprise dedicated to the research, production, and sales of advanced polymer materials. Its products are widely used in power, communications, automotive, aerospace, rail transit, and electronics industries, providing insulation, sealing, waterproofing, and fire safety solutions. Located in Wuzhong District, Suzhou, the company owns independent intellectual property rights and over 90 patents, certified by IATF16949, UL, ISO, and other authoritative domestic and international organizations. fire-proof.cn

Fujian Zhongcheng Ruibo Power Technology Co., Ltd.

(Booth no : 4J41)

Self-Sensing Reusable Fire
Extinguishing Sticker

Fujian Zhongcheng Ruibo Electric Power Technology Co., Ltd., established in 2015, is a national high-tech enterprise specializing in the R&D, production, and comprehensive services of environmentally friendly microcapsule fire-extinguishing materials, fireproof and explosion-proof materials, and nano-insulation products.

NIBES (Jiaxing) Safety Protection Products Co., Ltd.

(Booth no :
5G26)

Naibes brand factory, located in Haiyan County, Jiaxing, Zhejiang, specializes in the R&D, production, and sales of personal protective equipment (PPE). The company operates with over 130 production and R&D machines and approximately 120 employees.
Respiratory protection: masks and respirators
Hearing protection: earplugs, earmuffs, earplug dispensers
Eye protection: safety goggles, eye shields
Body protection: protective clothing
Hand protection: gloves
