展会介绍

EXHIBITION INTRODUCTION

随着我国“双碳”战略的持续推进、能源变革与绿色发展的大时代背景下,构建清洁低碳、安全高效的能源体系是供热行业节能转型的紧要任务。HEATEC《上海国际供热技术展览会》作为亚洲地区极具影响力及专业性的一站式供热技术展览平台,多年来始终致力于打造集新品发布、技术交流、渠道开拓、商贸配对等功能为一体的优质平台。未来HEATEC也将秉持着专业的态度推动全行业安全、环保、高效、协同发展,为供热行业带来一场国际化、多元化的盛宴。

Under the background of continuous promotion of "Carbon Peak and Neutrality Strategy" together with the new era of energy reform and green development, building up a clean, low-carbon, safe and efficient energy system is the critical task for energy-saving transformation of the heating industry. As the most recognized influential and professional one-stop heating technology exhibition platform in Asia, HEATEC over the years has been committed to creating a high-quality platform integrating new product release, technical exchange, channel development and business matching. In the future, HEATEC will uphold a professional attitude to promote the industry-wide safety, environmental protection, high efficiency and collaborative development, hence delivering an international and diversified feast for the heating industry.
