关于我们

永创成立于2002年，是中国最大的包装设备生产厂家，主营业务为研发，生产销售包装设备和材料，永创于2015年5月29 日在上海证券交易所上市，股票代码:603901。

总部坐落于浙江省杭州西湖科技园区，拥有现代化总装车间、精密部件加工车间、研发中心、运营中心。是一家专业从事包装机械研发,生产的企业。作为国内包装系统的制造厂商，致力于为产品包装提供解决方案，我们的产品涵盖包装的各个环节，使所需包装的过程得到更加有效的配合，以高效的方式提高工业化的生产率。我们的产品远销世界五十多个国家和地区。

主要产品为:灌装机、立式机、真空机、枕包机、泡罩机、装盒机套袋机、纸包机、纸箱成型机、装箱机、贴标机、封箱机、打包机、缠绕机、机器人和蜘蛛手、码卸垛机及各种包装线订制。

永创是浙江省级博士后站建设单位，浙江省级工业设计中心，浙江省AAA级守合同重信用单位。是全国包装机械标准化技术委员会成型装填封口集合机械分技术委员会秘书处单位，浙江省智能制造标准联盟人工智能标准化组副组长单位。是工信部智能制造综合标准化与新模式应用项目联合承担单位，浙江省重大科技专项承担单位，浙江省人工智能标准化战略重大试点项目承担单位。

拥有授权专利、软著1469项，境内、境外注册商标87余项。

尊敬的各位参展商、各位嘉宾：

热烈欢迎各位莅临interpack China 2026包装世界（上海）博览会。

作为interpack联盟成员，interpack China将国际专业积淀与中国市场的切实需求和机遇深度融合。本展会构筑起联通各大洲与各行业之间的桥梁，为交流、合作及拓展全新商业关系创造契机。

在杜塞尔多夫举办的interpack 2026，充分彰显了全球加工与包装行业的强劲发展动能。数字化、人工智能、自动化、资源高效利用以及韧性供应链，正是引领行业前行的核心议题。interpack China承继上述发展脉络，使之贴合亚洲市场的实际需求，并具落地可行性。

2026年11月16日至18日，本届上海展会将汇聚包装全产业链——从加工与初级包装、包装材料，延伸至物流与供应链解决方案。尤为令人振奋的是，国际企业的参与度持续攀升。这进一步印证了interpack China作为中国及亚洲市场平台，其全球影响力正与日俱增。

本届展会的一大亮点是interpack 2026趋势洞察论坛（interpack SPOTLIGHT Forum 2026），在四场互动式专题研讨中，国际专家将围绕可持续包装重构、跨行业创新转化、人工智能与智能包装以及生产自动化四大方向展开探讨。论坛还将聚焦如何将全球性要求与本地化解决方案相结合。

尽管技术日新月异，人与人之间的面对面交流依然不可或缺。interpack China为制造商、技术提供商、科研专家与决策者搭建了当面对话的平台，以建立互信、培育长期合作伙伴关系。

祝愿各位在interpack China 2026收获成功、灵感与丰硕成果！

诚挚问候
Thomas Dohse
加工和包装全球系列展会项目总监
杜塞尔多夫展览集团公司

贺词
Welcome Messages

Dear exhibitors, dear visitors,

It is my great pleasure to welcome you to interpack China 2026.

As a member of the interpack alliance, interpack China combines international expertise with the specific requirements and opportunities of the Chinese market. The show builds bridges across continents and industries, creating opportunities for exchange, cooperation and new business relationships.

interpack 2026 in Düsseldorf demonstrated impressively how dynamically the international processing and packaging industry is developing. Digitalization, artificial intelligence, automation, resource efficiency and resilient supply chains are among the key issues shaping our sector. interpack China takes up these developments and makes them relevant and accessible to the Asian market.

From 16 to 18 November 2026, the event in Shanghai will bring together the entire value chain – from processing and primary packaging to packaging materials, logistics and supply chain solutions. The growing participation of international companies is particularly encouraging. It underlines the increasing global relevance of interpack China as a platform for the Chinese and Asian markets.

A particular highlight will be the interpack SPOTLIGHT Forum. In four interactive panel discussions, international experts will explore sustainable packaging redesign, innovation transfer across industries, AI and smart packaging, as well as automation in production. The forum will also examine how global requirements can be combined with locally relevant solutions.

Despite all technological progress, personal interaction remains essential. interpack China offers manufacturers, technology providers, research experts and decision-makers the opportunity to meet face to face, build trust and develop long-term partnerships.

I wish you a successful, inspiring and rewarding interpack China 2026!

Yours sincerely,
Thomas Dohse
Director Processing and Packaging
Messe Düsseldorf GmbH

贺词
Welcome Messages

尊敬的展商、观众与合作伙伴们：

我谨代表杜塞尔多夫展览（上海）有限公司，诚挚欢迎各位莅临2026包装世界（上海）博览会（interpack China 2026），在这个具有里程碑意义的年份，我们共同见证 interpack China 的崭新面貌。

回首2015年，swop 应运而生；展望今朝，我们正式以 interpack China之名，屹立于世界包装舞台的东方。这不仅是名称的更迭，更是我们与时代同频、与产业共振的坚定宣言。在全球经济向智能化、绿色化、融合化纵深演进的今天，包装已不再局限于传统的容器属性，而是跃升为赋能价值链重塑、驱动品牌溢价、践行可持续发展的核心引擎。

作为 interpack全球联盟的一员，interpack China已成为interpack旗下规模最大的子展。本届展会聚焦人工智能与数字化包装、绿色循环与未来包装、PPWR法规深度解读等重点领域，全面呈现从包装痛点路线、场景智联、国际包装、出海合规、包装挑战、纸基包装专区、interpack趋势洞察论坛及下一代包装等八大亮点。

本届展会规模再创新高，展览面积突破70,000平方米，汇聚970余家来自德国、意大利、西班牙、丹麦、芬兰、法国、新加坡、美国、马来西亚、日本、韩国等国家和地区的优质展商及国家展团参展，预计将吸引超过47,000名专业观众，共探行业发展新机遇，共绘产业新格局。

在此，我由衷感谢雅式展览服务有限公司的紧密合作，以及各协会、机构与每一位行业同仁的长期支持。正是得益于各方的信任与参与，interpack China 得以走过非凡的十年，并迈向更具影响力的新阶段。

最后，诚挚祝愿各位在 interpack China 2026期间收获启发，建立合作，实现发展，满载而归！

顾燕
杜塞尔多夫展览（上海）有限公司 总经理

贺词
Welcome Messages

Distinguished exhibitors, visitors, and partners,

On behalf of Messe Düsseldorf (Shanghai) Co., Ltd., I would like to extend a warm welcome to all of you at the interpack China 2026. In this landmark year, let us get together to celebrate the new stage of interpack China.

Looking back to 2015, swop was launched; Looking ahead to the present, we officially stand on the global packaging stage in the East under the name interpack China. This is not merely a name change, but a firm declaration of our commitment to keeping pace with the times and resonating with the industry. As the global economy continues to evolve toward intelligence, sustainability, and convergence, packaging is no longer confined to its traditional role as a mere container; it has evolved into a core engine that empowers the reshaping of value chains, drives brand premium, and advances sustainable development.

As a proud member of the interpack global alliance, interpack China has become the largest subsidiary exhibition under the interpack alliance. This edition focuses on key areas such as artificial intelligence and digital packaging, green circularity and future packaging, and in-depth interpretations of PPWR regulations, comprehensively showcasing eight major highlights: solutions to packaging pain points, smart scenario connectivity, international packaging, compliance for global expansion, packaging challenges, a dedicated paper-based packaging zone, the interpack SPOTLIGHT Forum, and next-generation packaging.

The show has reached a new scale, with exhibition space exceeding 70,000 square meters. It brings together more than 970 high-quality exhibitors and international pavilions from countries and regions including Germany, Italy, Spain, Denmark, Finland, France, Singapore, the United States, Malaysia, Japan, and South Korea. The event is expected to attract over 47,000 trade visitors to jointly explore new opportunities for industry development and shape the future landscape of the sector.

My sincere thanks go to Adsale Exhibition Services Ltd., for their close cooperation, as well as to all associations, organizations, and every industry colleague for their long-standing support. It is precisely thanks to the trust and participation of all parties that interpack China has been able to navigate an extraordinary decade and move toward a new phase of even greater influence.

Finally, I sincerely wish that during interpack China 2026, you will all find inspiration, forge partnerships, achieve growth, and return home with rich rewards!

Mrs. Evian Gu
General Manager, Messe Düsseldorf (Shanghai) Co., Ltd.

贺词
Welcome Messages

时至初冬，万象焕新，包装业界同仁欢聚上海，共同迎来2026 interpack China 包装世界（上海）博览会隆重开幕。在此，我谨代表雅式展览服务有限公司，向莅临盛会的各位来宾，致以热烈的欢迎与诚挚的问候！

interpack China 是国际知名包装展 interpack 在中国落地的重要展会，由雅式展览服务有限公司携手杜塞尔多夫展览（上海）有限公司联合主办。展会依托强大的国际资源优势，汇聚全球包装行业头部企业与前沿科技成果，构筑包装产业完整的展示交流舞台。本届展会展出规模 70,000 平方米，汇聚超过 970+国内外参展企业，完整贯通包装全产业链条，涵盖包装原辅材料、成套生产装备、终端包装制品，以及创意包装设计、市场化解决方案等多元板块，集中展示行业热门产品与革新技术，为全行业打造高效的商贸对接、技术互通的专业平台。

本届展会重点升级打造“场景智联 —— 跨境电商全链路”专区，集中展示从运输包装防护新技术到厂内物流的全链路解决方案。全面覆盖自动化、物联网与AI驱动的电商仓内黑科技，为行业呈现高效、可追溯、可持续于一体的智慧电商物流解决方案。同时，今年全新重磅打造的 “纸基可持续包装专区”，聚焦产业链协同创新，集中呈现从纸基原材料、功能涂层技术与配套解决方案，到纸制容器及包装成品的全产业链一体化方案。展会持续升级“包装N大痛点 —— 黄金应变路线”，针对塑料包装生产、纸包装生产、食品饮料、日化个护、餐饮外卖、物流快递、医药保健品、宠物食品等行业的生产痛点，为买家量身定制高效逛展路线。这不仅是一场集中展现包装产业创新技术的盛宴，更是一次与行业核心决策者深度对话、挖掘高价值合作契机的难得机遇。

本次展会联动海内外权威行业机构，精心组织多场高水平同期专题活动：聚焦再生材料应用的【聚焦 PCR 高值再生，践行低碳包装循环发展】、助力跨境业务发展的【破局出海：数智驱动跨境电商包装全链路履约实战】、为出海企业解锁合规路径的【出海合规问诊室】；探寻纸包装绿色转型之路的【纸包装产业可持续发展论坛 “绿色循环与未来包装”】；严守安全关口的【第十三届食品接触材料安全风险交流与创新大会】；解读政策导向的【2026 国际绿色包装发展高峰论坛 —— 法规驱动下的绿色包装创新与智能化转型】等，为参会者带来多元的行业思考与实操借鉴。

由衷感谢全体参展企业的鼎力加盟、广大专业观众的莅临参会，同时向海内外合作机构与各行业协会的大力支持致以诚挚谢意。期盼本届 interpack China 包装世界（上海）博览会，能够成为大家启迪新知、链接商机、共谋发展的重要平台。我们愿以展会为纽带，汇聚产业各方合力，携手推动中国乃至全球包装行业向著智能化、绿色化、高质量发展的方向阔步前行！

雅式展览服务有限公司 董事长
朱裕伦

贺词
Welcome Messages

As the early-winter season brings a sense of renewal, packaging professionals are gathering in Shanghai to celebrate the grand opening of interpack China 2026. On behalf of Adsale Exhibition Services Ltd., I would like to extend a warm welcome and my most sincere greetings to all the distinguished guests.

interpack China is the Chinese edition of interpack, the world's leading international packaging trade fair. interpack China, jointly organised by Adsale Exhibition Services Ltd. and Messe Düsseldorf (Shanghai) Co., Ltd. and backed by strong international resources, the fair brings together the global packaging industry's leading players and cutting-edge technologies, creating a complete stage for showcase and exchange across the packaging sector. Spanning 70,000 sq.m., this year's edition hosts more than 970 exhibitors from China and abroad, covering the entire packaging value chain — from raw and auxiliary materials and complete production equipment to finished packaging products, as well as creative packaging design and market-ready solutions. Showcasing the industry's most sought-after products and breakthrough innovations, it offers the whole industry a highly efficient professional platform for business matchmaking and technology exchange.

A key upgrade this year is the "Smart Scenarios – End-to-End Cross-Border E-Commerce" Zone, presenting full-chain solutions that run from new transport-packaging protection technologies through to in-warehouse logistics. Covering automation, the Internet of Things and AI-powered warehouse technologies for e-commerce, it showcases smart e-commerce logistics solutions that combine efficiency, traceability and sustainability. Alongside it, the newly launched "Paper-Based Sustainable Packaging Zone" spotlights collaborative innovation across the supply chain, presenting a fully integrated chain from paper-based raw materials and functional coating technologies with matching solutions to paper containers and finished packaging products. The fair will also continue to upgrade its "Packaging Challenges & Strategic Solutions", which tailor efficient visiting itineraries for buyers around the production pain points of industries such as plastic and paper packaging manufacturing, food and beverage, home and personal care, food service and takeaway, logistics and express delivery, pharmaceuticals and health products, and pet food. This is more than a showcase of the packaging industry's innovations — it is also a rare opportunity to engage in depth with key decision-makers and uncover high-value business opportunities.

In partnership with leading industry organisations at home and abroad, the fair has curated a strong line-up of concurrent events: "Focusing on High-Value PCR Recycling: Advancing Low-Carbon, Circular Packaging" on recycled-material applications; "Breaking Through to Global Markets: A Practical Guide to Cross-border E-commerce Packaging Fulfillment Driven by Digital Intelligence" and the "Compliance Consulting Services" to support cross-border growth and compliance; the "Sustainable Development Forum of Paper Packaging Industry: Green Circulation & Future Packaging" exploring the green transition of paper packaging; the "13th Food Contact Materials Safety Risk Communication and Innovation Conference" on safety assurance; and the "International Summit on Green Packaging Development 2026 - Green Packaging Innovation and Smart Transformation Driven by Regulations" on the regulatory outlook — offering attendees diverse industry perspectives and practical takeaways.

My heartfelt thanks go to all exhibiting companies for their strong support, to the professional visitors for joining us, and to our partner organizations and industry associations at home and abroad for their invaluable backing. May this edition of interpack China become a platform where you gain fresh insights, forge business connections and shape future growth together. With the fair as our bridge, we look forward to uniting the industry's collective strength and advancing the packaging sector in China and around the world toward a smarter, greener and higher-quality future.

interpack alliance

interpack alliance – processing & packaging
info@interpackalliance.com
www.interpackalliance.com

With events around the globe, interpack opens up promising markets for the Processing & Packaging industry.
As the flagship trade fair, interpack brings together the industry's key players in Düsseldorf, Germany every three years. Furthermore, the interpack alliance extends its reach to other exciting and dynamic sales regions internationally. The focus is on solutions for the target groups of food, beverages, confectionery, bakery, pharma, cosmetics, non-food and industrial goods - with a different emphasis depending on the event.

网址 Website：https://www.51myprint.cn

“我的印刷网”，创立于2015年，其主体公司为上海龙荀网络科技有限公司。其初衷是通过印刷包装行业的运营和应用场景分类，为印刷及包装行业相关需求方对接印刷厂商，设备及器材供应商，原材料，技术服务和行业资讯提供便利，帮助用户及时了解行业最新动态和情况。同时为行内企业做品牌宣传，招商拓展销售以及人才招聘等。

MyPrinting.com, established in 2015, is operated by Shanghai Longxun Network Technology Co., Ltd. Its founding mission is to facilitate connections between printing and packaging industry stakeholders and relevant suppliers—including manufacturers, equipment vendors, material providers, technical service providers, and industry information sources—by categorizing operational and application scenarios within the sector. This enables users to promptly access the latest industry developments and insights. Simultaneously, it offers convenient one-stop solutions for in-industry enterprises seeking brand promotion, business expansion, sales growth, and talent recruitment. Platform members can conduct online transactions and establish quotation systems, providing efficient avenues for market expansion, cost reduction, and enhanced efficiency.

公司成立于1999年。多年来，我们专注于食品包装机械的研发与生产，在行业内拥有多项领先技术和丰富的研发经验。我们公司主要生产与PET原料相关的吹瓶机，适用于水厂、饮料厂、油厂、日化厂、食品厂、塑料瓶包装厂等等，机器可以满足5ml-30L的产品容器灌装需求，为客户提供定制化产品灌装容器解决方案。
Hangzhou Huilong Plastic Machinery Co., Ltd. Was established in 1999 and is located by the beautiful Fuchun River in Fuyang District, Hangzhou City. Over the years, we have focused on the research and production of blow molding machines and food packaging machinery. We have numerous leading technologies and rich R&D experience in the industry. Our company mainly produces two-step blowing machines and one-step injection blowing machines related to PET raw materials. These machines can blow mold hot filling bottles, JAR bottles, five-gallon bottles, and various special-shaped bottles, and can be used in water plants, beverage factories, oil plants, cosmetics factories, food factories, plastic bottle packaging factories, etc. Our machines can meet the filling requirements of products ranging from 5ml to 30L, providing customers with customized product filling container solutions.

公司于2019年在湖南省常德市津市市高新技术产业园投资5千万元，用地30亩，扩建厂房约2万平方米，成立湖南嵘鑫风管制造有限公司高分子材料，高分子风管生产基地。日生产各种风管达20000米，高分子材料所有生产设备逐步在完。所有产品均有SGS检测认证，并得到广州华南理工大学高分子材料系技术的大力支持
In 2019, the company invested 50 million yuan in Jinshi High-tech Industrial Park, Changde City, Hunan Province, with a land area of 30 acres, expanded the plant to about 20,000 square meters, and established Hunan Rong Xin Duct Manufacturing Co., Ltd. Polymer materials, polymer duct production base. The daily production of various air pipes up to 20000 meters, all production equipment of polymer materials gradually completed. All products have SGS testing and certification, and by Guangzhou South China University of Technology Department of polymer materials technology support.

Huzhou Mingguan Machinery Technology Co., Ltd. is a professional company specializing in the research and development of non-motorized drums in China. We are a source manufacturer that integrates production, sales, and customization. We have been deeply engaged in the conveyor roller industry for many years. We are located in the Yangtze River Delta industrial belt, with convenient transportation and logistics. Our products cover the whole country and are exported to Southeast Asia, Europe, and the United States.
The company is equipped with roller stamping, turning, welding, and other equipment, and produces more than one million non-powered rollers per year.

海顺新材创立于2005年，是可回收材料创新领军者、高阻隔软包装领域的龙头企业。公司构建吹膜、流延、共挤、涂布、镀铝一体化生产体系，产品涵盖高功能PE膜、高阻隔膜、镀铝膜、功能性涂布膜及多层共挤片材，广泛应用于食品、日化、新能源及医药领域，持续以技术创新推动可回收材料与高性能膜材升级。
Founded in 2005, HySum New Materials is an innovation leader in recyclable materials and a leading enterprise in high-barrier flexible packaging. It has built an integrated production system covering film blowing, cast film extrusion, co-extrusion, coating and metallization. Its product range includes high-performance PE films, high-barrier films, metallized films, functional coated films and multi-layer co-extruded sheets, widely adopted in food, daily chemical, new energy and pharmaceutical sectors. Through continuous technological innovation, the company promotes the upgrading of recyclable materials and high-performance film products.

Industrie-Kontor GmbH is an internationall operating trading company Founded in 1971 in Germany. Experience, trust, and commitment since 1971 Industrie-Kontor GmbH is an internationally operating industrial trading and representation company based in Germany.
Founded in 1971, we support global manufacturers, EPC contractors, and plant operators with the sourcing, distribution, and technical integration of industrial equipment.
From aerosol can trough Aliminum Tubes to Laminate manufacturing, we bring together engineering know-how, international market access, and a strong network of qualified partners across Europe and the rest of the world.
New machines and Lines:
Since 2020 we supply our Induko Brand full Aluminum Tubes Making line and all related machines for small and medium size.
Used machines/lines:
At Industrie-Kontor, we specialize in the purchase and sale of used industrial machines, with a primary focus on the aerosol can/Aluminum Tubes/ Laminate Tubes industry. We help manufacturers access reliable, cost-efficient equipment that is fully functional, and—if needed—professionally overhauled.
Industrial Chains
We supply precision-engineered industrial chains that ensure smooth, safe, and durable transport of cans and tubes through critical stages of production. Our chains are primarily used in aerosol can manufacturing, particularly in high-temperature or high-speed conveyor applications.
Industrial Spare Parts
We provide industrial spare parts that ensure the long-term performance, reliability, and efficiency of your production equipment. From OEM originals to advanced INDUKO solutions, our spare parts are engineered to meet the exact technical specifications of your machinery to keeping your operations running smoothly with minimal downtime.

伊维诺科技（innuno）是位于杭州的AI原生科技公司，旗下工业板块EULABEIA专注物理AI与工业自主。我们为多斗颗粒称重包装机提供AI控制系统：读取振动频率自学习，约1分45秒完成全量程适配即可投产，生产中持续自优化，让包装更精准、更稳定、更高效；在用设备也可快速升级AI。
innuno is an AI-native technology company based in Hangzhou, China. Its industrial line, EULABEIA, focuses on physical AI and industrial autonomy, bringing AI into real production equipment.
For the packaging industry, EULABEIA provides an AI control system for multi-bucket granule weighing and packing machines. By reading vibration frequency, the system self-learns in about 1 minute 45 seconds, adapts across the full weight range and goes straight into production, then keeps optimizing itself while running. The operator interface is kept simple, with no lengthy manual tuning. The result for packaging plants is more precise, more stable and more efficient output.
The same approach can also be applied to machines already in service, giving existing equipment a fast AI upgrade. We welcome packaging machinery makers and packaging manufacturers to explore cooperation with us.

青岛合盛源重工科技有限公司，是专注精确计量配料、自动化控制、机械加工及装配的机械制造与软件开发企业。公司技术研发实力雄厚，获评高新技术企业。主营计量配料设备，中央集中供料、同时配套工业机械臂拆包、码垛自动化方案，产品覆盖建材、塑料、食品、化工等行业。为客户提供优质的物料自动化整体解决方案。
Qingdao Heshengyuan Heavy Industry Technology Co., Ltd. is a high-tech enterprise specializing in precise measurement & batching, automatic control, mechanical processing, assembly and software development. With strong R&D capacity and multiple technical patents, we supply measuring and batching equipment, central feeding systems and custom non-standard conveying & batching lines. We also provide automatic bag unpacking and palletizing workstations equipped with industrial robotic arms to realize full-process material automation. Our products are widely used in new building materials, plastics, food, chemical and other industries. Adhering to the philosophy of "Innovation, Reality, Cooperation, Win-Win", we customize solutions according to customer demands and continuously improve equipment performance, delivering reliable integrated solutions for automated material measuring, mixing, conveying, unpacking and palletizing.

Headquartered in Ruian, Wenzhou, China, the company operates as the international trademark for Ruian Huaneng Machinery Technology Co., Ltd. LITER specializes in providing high-end packaging solutions that rival top-tier European and North American manufacturers, actively working to break the stereotype of mediocre Chinese manufacturing through strict adherence to international standards and quality. Tracing its family-owned roots back to the early 1990s, the company has spanned three generations of leadership—from Rognlin Bao to Yunlong Bao, and currently to its 3rd-generation owner and CEO, Zhiwei Bao **鲍智威**. Under Zhiwei Bao's direction, LITER has pivoted its focus toward an international, high-end market niche. This transformation is driven by a "Next-Generation" initiative that prioritizes heavy investment in research, development, and innovation (R&D+I) to provide cutting-edge solutions. LITER offers a comprehensive range of end-of-line integration capabilities and standalone machinery. All next-generation models are CE-marked and comply with stringent ergonomic and safety standards. ■Wrap-Around Sleevers: Featuring the ESTRENA model, these are full servo-driven machines (supported by Siemens technology) that offer an exclusive IP65 washdown option for maximum hygiene. ■Cartoning Machines: Including the Gran Sonata Balcony Cartoner, an end-load, hygienic stainless-steel machine designed for high reliability and flexibility. ■Case Packers: Complementary systems for complete end-of-line automation. The company's holistic sleeving and cartoning solutions cater to a variety of demanding sectors, including: ■Ready-to-eat and plant-based meals ■Dairy products and beverages ■Seafood and frozen foods 产品分类 Product Categories: 2.4, 2.5, 12

Founded in 2007, Shanghai Loogal has been the first ODM authorized partner of HP SPTS Division in mainland China since its inception. It develops, manufactures and sells TIJ inkjet printers by adopting HP TIJ2.5 technology. Meanwhile, starting from 2015, Loogal has maintained cooperative relationships with major global printhead manufacturers including SEIKO and EPSON, and developed PIEZO series products with PIEZO technology.
As a High-tech Enterprise of Shanghai and a Science and Technology Little Giant Enterprise in Minhang District, Loogal owns a number of patents and intellectual property rights. Leveraging its strong R&D capabilities and years of industry experience, Loogal provides a full range of solutions for the coding and marking industry as well as applications in pharmaceuticals, food, daily chemicals, automation and other sectors.

Sykell加速复用包装规模化。Circular ERP实现可复用资产全流程自动化；EINFACH MEHRWEG为德国最大外卖复用系统，覆盖6,000个回收点。
Sykell accelerates the scaling of reuse systems. Our services address reusable packaging requirements holistically and allow brands in FMCG, foodservice, and retail to transform towards circular value chains.
Circular ERP is Sykell's leading software to manage scalable reuse systems across categories: Takeaway, prepackaged food and non-food, events, and secondary packaging are enabled. The pool management platform traces serialized assets along system partners and automates circular operational workflows — from inventory management to finance including deposit management and system intelligence.
Prefill by sykell is the world's first serialized and reusable primary plastic packaging solution for pre-packaged foods across a wide application of categories. Its reusable ultrahigh barrier and re-sealable technologies ensure reliable product protection reuse after reuse, while enabling brands to communicate as individually as ever. Fully compatible with reverse vending machines and reverse operations of other plastic-based containers managed by CIRCULAR ERP.
To Go by sykell delivers the reuse component for the foodservice sector: Brandable and trackable packaging toolings designed for everyday reuse, scalable collection and service processes nationwide. Fully compatible with reverse vending machines and reverse operations of other plastic-based containers managed by Circular ERP.
In Germany, Sykell is system operator of **EINFACH MEHRWEG** (Reuse, the simple way) the largest reuse system for plastic-based takeaway and food packaging at grocery stores, covering a network of currently 6.000 collection points. Prefill, To-Go and Circular ERP as the operational backbone have all been developed within this live, scaled setting. EINFACH MEHRWEG leverages existing return vending machines for beverage bottles as well as existing retail logistics to make the collection and cleaning of reusable packaging convenient and practical for consumers, brands, and retailers.

上海太易检测技术股份有限公司（简称：太易检测）成立于2008年，是一家专注于光谱在线检测技术与产品研发的高新技术企业，聚焦食品加工和农产品加工行业，为客户提供全流程食品安全与食品质量保障系统。
Founded in 2008, Techik Instrument (Shanghai) Co., Ltd. ("Techik") is a National High-Tech Enterprise dedicated to the research and development of in-line inspection and sorting technologies. Serving the food and agricultural processing industries, Techik delivers whole chain food safety and quality assurance systems across the entire production line.
Built on a technology road-map that integrates multispectrum, multi-energy, multi-sensor and IoT, Techik's solutions cover the Critical Control Points (CCPs) of food safety and secure product quality at every stage of the process. By deploying AI across the entire production line, Techik takes manufacturers beyond single-point inspection to whole-chain quality consistency, powering smart, digitalized production lines.
To meet the demands of industrial transformation and upgrading, Techik further unites IoT, big data, and AI in an AI-driven production data analytics solution that empowers factory-level intelligent decision-making.

Warsonco专注于工业机器人的研发与制造，是中国领先的自动化解决方案提供商，其核心技术主要集中在包装自动化设备领域，包括纸箱成型机、纸箱装箱机、纸箱封箱机、码垛机、缠绕机以及AGV（自动导引车）……
Warsonco was specialized in the R&D, manufacturing of industrial robotics and we are a first-class, automation provider with core technology focusing on packaging automation equipment such as case erector, case packer, case sealer, palletizer, wrapping machine, AGV(Automated Guided Vehicle)... in China. Our products cover parallel robots, full series of cobots, which are widely used in many fields such as pharmaceutics, food, packaging, daily chemical and etc.
Kindly be noted that our cobot palletizer is very popular in China, now taking more than 50% market share in China. And we have more than 5000 end users(Nestle, Unilever, Huawei, Yili, Mengniu, Foxconn, and more), and plenty of application cases. We have developed customers in UK, USA, Canada, Japnese, Korea, Australia, Switzland, Brazil, Argentina, Colombia, Bolivia, Vietnam....over 50 countries and regions.

潍坊佳旺塑业有限公司是一家废旧塑料资源综合利用企业。2021年公司自主研发的再生塑料托盘进入市场，并成为多家上市公司物流耗材的主要供应商。现有托盘规格齐全，与木质、吹塑、注塑托盘相比具有明显的价格优势。公司自主研发的托盘模压生产设备，具有投资少、环保、简单易操作等特点，该工艺目前处于市场领先地位。

Weifang Jiawang Plastic Co., Ltd. is a comprehensive utilization enterprise of waste plastic resources. At the beginning of 2021, the recycled plastic pallets independently developed by the company completed the market demonstration and officially entered the market, and have become the main supplier of logistics packaging consumables for many listed companies.

The existing pallet specifications are complete, which has obvious price advantages compared with traditional wooden pallets, blow molding and injection molding pallets on the market. The pallet can be used for one-time circulation and in-factory turnover.

At the same time, the pallet molding production equipment independently developed by the company has the characteristics of low investment, environmental protection, low energy consumption, stable performance, simple and easy operation. This process is currently in the leading position in the market.

浙江名科塑业股份有限公司成立于2009年，专注软包装生产领域16年；公司秉承建立一家高效的生态的包装公司愿景，了解客户的需求，为客户创造价值的使命，以及专注、利他、追求卓越的价值观！致力于为客户提供优秀的产品包装解决方案、高品质的包装产品、完善的客户服务体系！

公司现有生产基地5个，占地15000平方米；仓储基地4个，占地15000平方米；日均为客户提供50吨各类通用和个性化包装产品！

01》数码打样国内第一

小批量定制，日均100单，0版费，1只起做，快速交付。小批量、大效果。

02>自封袋供应链

自有100条生产线，浙江最大、国内第五；外协10家，可用产线200条，日交货可达100吨是国内PE自封袋产能最大的供应品牌。

03>柔性包装制造

印刷领域国内知名，贯通数码印刷、可深度交流合作。

胶版印刷、柔版薄膜印刷全流程，部分技术国内领先。

04>产业互联

2026年起打造包装产业互联平台，用7年做深做透重塑中国包装产业；以南昌为中心，构建南方经济圈包装体系，推动中国包装走向国际前沿。

Zhejiang Mingke Plastic Co., Ltd. was established in 2009 and has been specializing in flexible packaging production for 16 years. Guided by the vision of building an efficient and eco-friendly packaging company, the mission of understanding customer needs and creating value for them, as well as the core values of dedication, altruism, and pursuit of excellence, the company is committed to providing customers with superior product packaging solutions, high-quality packaging products, and a comprehensive customer service system!

The company currently operates 5 production bases covering 15,000 square meters and 4 warehousing bases spanning 15,000 square meters, providing

震宇（兴国）塑胶位于江西省赣州工厂占地31,000平方米，拥有230名员工，每月生产高达500公吨。我们专注于LDPE、HDPE、PP和可堆肥材料。核心产品包括：BOPP/OPP高透明玻璃纸糖果袋、一次性便利雨衣、手套、面包袋、骨袋（密实袋/自封袋）、垃圾袋等。工厂拥有高达 40% 的能源来自现场太阳能板。通过了GRS、ISO 9001、BSCI 和 EN13432。

Universal Plastic and Metal Manufacturing Ltd. (UPM) is a leading manufacturer of sustainable plastic film products, established in 1977 in Hong Kong. As a family-owned enterprise now led by the second generation, we specialize in LDPE, HDPE, PP, and compostable materials. Our state-of-the-art factory in Ganzhou, Jiangxi Province, spans 31,000 square meters with 230 skilled staff, producing up to 500 metric tons monthly.

Core Products:

-OPP/BOPP high-clarity cello bags
-Disposable rain ponchos (LDPE or compostable) for events and outdoor use
-Sturdy black garbage bags (3L to 660L) from recycled materials
-LDPE/HDPE disposable gloves for food handling and hair dyeing
-Wicketed bags for bread and automated packaging
-Reclosable ziplock bags for supermarkets and industrial use
-LDPE courier mailers with numbering, destructive tape

UPM prioritizes quality and sustainability. We source raw materials from well known international petrochemical companies, with GRS-certified recycled content (min. 20%). Up to 40% of our energy comes from on-site solar panels. Our in-house recycling, ISO 9001, BSCI, and food-grade certifications (FDA 177.1520, EU standards, EN13432/ASTM D6400 for compostables) ensure compliance. All products meet RoHS and REACH.

飞塑资讯网

塑料、薄膜、包装、电池行业专业服务平台 INDUSTRY LEADER

飞塑传媒成立于 2011 年，是塑料、薄膜、包装、电池行业的专业服务平台，是资深的行业媒体。服务包含资讯、广告、会议、会展、培训、专业调研、研学、招聘等一系列服务！我们每年都有坚持汇总和更新中国塑料、薄膜、包装、电池行业细分领域的分布图，已经坚持更新汇总了 10 个细分领域的行业分布图，有近 20 个细分领域的分布图在汇总计划中。

除此之外，飞塑传媒近几年的一个重要的服务就是给企业做整体的宣传和推广服务：作为细分领域的服务平台，通过近 14 年的发展，我们积累了数万家的客户资源，飞塑的推广服务包含：线上（网站，微信公众号，微信群，朋友圈，视频号／抖音号等自媒体平台）、线下（飞塑每年自己主办至少两场大型商务活动，协办或者参与数十场行业会议和专业展会。飞塑还有自己的杂志和分布图等纸媒宣传渠道。线上、线下、纸媒、视频等多渠道、全方位、矩阵式宣传手段相结合，不仅对宣发的内容负责，更对宣发渠道和宣发效果负责，宣传效果立宣可见，客户信任度、支持度和满意度逐年持续上升，已经有越来越多的业内企业开始或者长期与飞塑保持密切合作，期待更多的企业“飞塑”加入到“塑友会”大家庭中来，积极参与我们线上和线下的活动。

美好生活、愉快工作，飞塑愿与您一路相伴！

我的印刷网平台介绍

My Printing Network – Platform Introduction

我的印刷网，创立于2015年，其主体公司为上海龙荀网络科技有限公司。其初衷是通过印刷包装行业的运营和应用场景分类，为印刷及包装行业相关需求方对接印刷厂商，设备及器材供应商，原材料，技术服务和行业资讯提供便利，帮助用户及时了解行业最新动态和情况。同时为行内企业做品牌宣传，招商，拓展销售以及人才招聘等需求提供便捷的一站式解决方案。平台会员单位也可以实现线上交易和建立报价系统，为拓展市场，降本增效提供高效途径。

网站同时具备手机端和PC端入口，分为中文站和国际站两个站点，官方域名分别为：www.51myprint.cn 和 www.51myprint.com，平台设计了供应，商城，数字名片，展会，学术交流等频道版块。致力于打造印刷包装行业垂直细分全产业链生态圈，为上下游供应链实现数字化转型提供全方位技术和营销服务。

我的印刷网

项目经理：殷港 13764771941（同微信）

商务合作：吴官通 13248098704（同微信）

中文站：https://www.51myprint.cn

国际站：https://www.51myprint.com

公司地址：上海市徐汇区中星城浦北路7号2003

食品伙伴网
www.foodMate.net

关注食品安全 探讨食品技术
汇聚行业英才 推动行业发展

食品伙伴网

食品伙伴网 (www.foodmate.net) 创建于 2001 年，秉承“关注食品安全，探讨食品技术，汇聚行业英才，推动行业发展”的宗旨，分享国内外行业资讯、标准法规、生产技术、质量管理、检测技术等信息。在行业朋友的支持下，经过二十余年的发展，成为国内食品行业专业的门户网站。

依托于自身的技术优势及合作伙伴的支持，食品伙伴网为食品相关企事业单位提供全方位的服务。

服务项目

食品伙伴网，网聚食品人，愿我们携手并肩，共同助推食品行业健康发展。
