WMF 2023 国际木工展 迎来四方机遇 Welcoming Opportunities From All Around The World

全球木工和家具行业将迎来黄金复苏期！WMF 2023 作为亚洲具规模和影响力的展览会之一，携手世界各地顶尖机械及配料参展商全面回归，继续为整个木工及家具行业搭建高品质的商务交流平台。面对海内外业界企业的迫切需求，展会更联合强大的海外客商资源进行邀约，联合多国媒体、协会、合作伙伴发力，力邀海内外观众到场观展，开拓商机！

The woodworking and furniture industry is seeing a boost in recovery, with the return of the influential WMF exhibition. This event will bring together international machinery and equipment exhibitors, creating a platform for high-quality business exchange. With strong overseas database and close cooperation with multinational media, associations and partners, high caliber local and overseas buyers are gathering here seeking collaboration and stay ahead of the curve in the post-pandemic era!

协同合作 开创木工家具可持续未来 Synergizing a Sustainable Woodworking & Furniture Future

设计师、生产商与供应商之间的协同合作，是可持续发展的重要推动力量。他们共同研发及推广低碳，注重使用环保、可回收、健康的新材料，推出一系列智能化、低排放的生产科技，为整个行业带来了可持续发展的机遇。

WMF 2023 今年举办了多个以「可持续发展」为题的同期研讨活动，集结木工家具行业的专家分享前沿发展趋势。本届更特设「优质展品奖」及「协同大奖」，鼓励行业拥抱智能生产、可持续发展和合作，实现创新，共同迈向更美好的未来。

The collaboration between designers, manufacturers and suppliers is crucial for achieving sustainable development in the industry. By working together, they can develop and promote the use of environmental friendly, recyclable, and healthy materials. Additionally, they can introduce intelligent, low-emission production technologies that promote sustainability across the industry.

We are excited to announce that this year, a series of concurrent seminars will be held under the theme of "Sustainable Development". Experts from various fields will share cutting-edge development trends that will help us achieve our sustainability goals. To further encourage the industry to embrace collaboration, smart production and sustainable development, we will be presenting the "Excellent Exhibit Award" and "Synergy Award". Together, we can innovate and work towards a better future for our planet.

今年，WMF 2023 以引领行业迈向智能生产、可持续和绿色生产为重心，更强调机械制造商和家具制造商之间的协同合作，深信这亦是企业成功的关键所在！

“协同大奖”是由星级展商推荐家具企业共同获奖，展商提名一位元紧密合作的家具制造伙伴一同获得殊荣，并一起在家具工厂接受采访，以技术、应用分享木工家具界前沿趋势。

我们相信，通过表彰这些杰出的协同合作，可以突出机械制造商和家具制造商之间的卓越团队合作、创新共荣，推动整个行业的创新、创造力和可持续发展。

WMF 2023 focuses on intelligent, sustainable, and green production, and emphasizes collaborative cooperation between machinery and furniture manufacturers. The "Collaboration Award" is jointly awarded to a furniture enterprise recommended by a star exhibitor and their closely cooperating partner. They will share trends in woodworking furniture technology and applications through an interview at the furniture factory.

我国目前正处于工业化、城镇化深入发展的阶段，木材加工等传统行业仍占据较高比重。然而，木材工业重点领域污染问题没有得到有效解决，资源环境约束加剧，推动绿色低碳转型发展任务艰巨。活动将重点推进木材工业的高端化、低碳化、回圈化、清洁化、绿色化和数位化，探讨创新科技、绿色人造板技术、绿色家居及绿色科技新装备等。

China is in a phase of industrialization and urbanization, with wood processing as a prominent industry. However, pollution and resources limitations pose challenges to achieving green and low-carbon transformation. The event will address these issues by focusing on the high-end, low-carbon, circular, clean, green, and digital aspects of the wood industry. It will explore innovative technologies, such as green engineered wood and green technology equipment, as well as green home solutions.
