

## 中空格子板模具、木塑门板模具

Mould for WPC hollow door and panel WPC

PVC、PP、PE木塑门板  
PVC窗台板  
PVC格子板  
异形中空格子板

PVC, PP, PE based WPC door panel  
PVC windowsill  
PVC hollow board  
Hollow grating board

### 应用性强

衣架式流道，出料更均匀  
更易成型，不滞料不堵料。

### Wide applicability

The "T" runner structure ensures even discharging and easy-shaping with no slow or paste material.

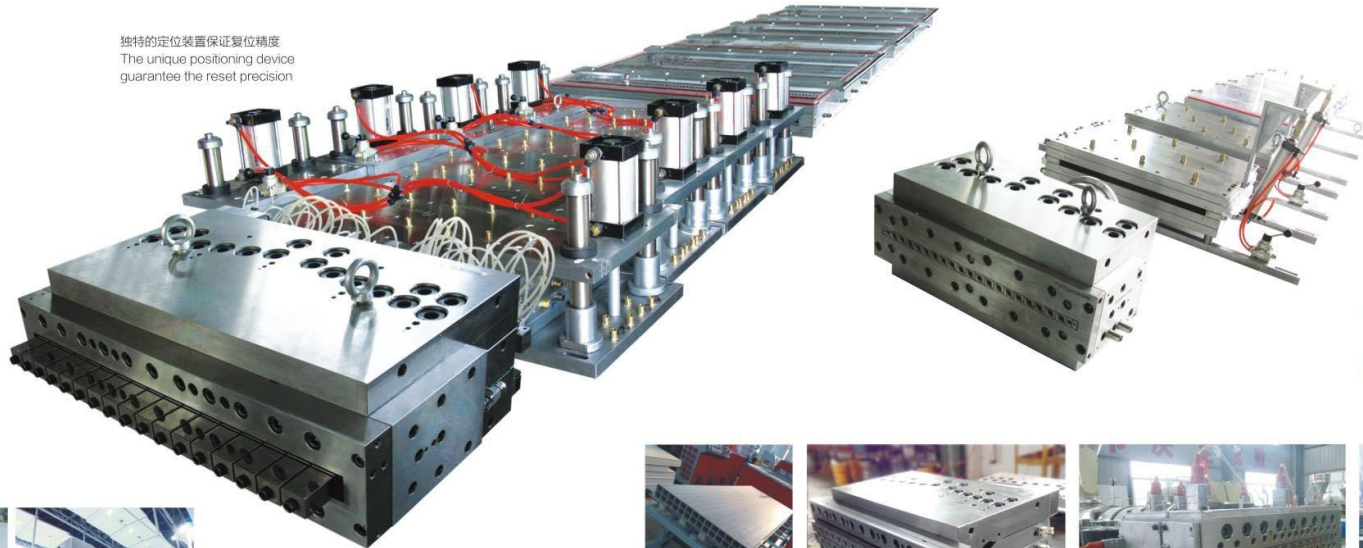

### 易操作

拆装方便且定位精准，更换部件即可  
做不同壁厚产品。

### Easy operation

Convenient to dismantle, high positioning accuracy, products of different wall thickness can be produced only by changing parts.

独特的定位装置保证复位精度  
The unique positioning device  
guarantee the reset precision

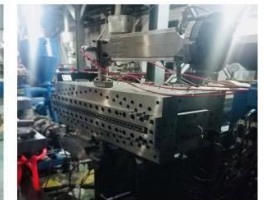

### 省电节能

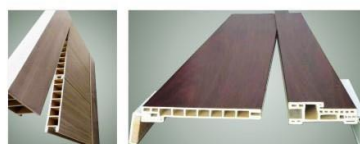

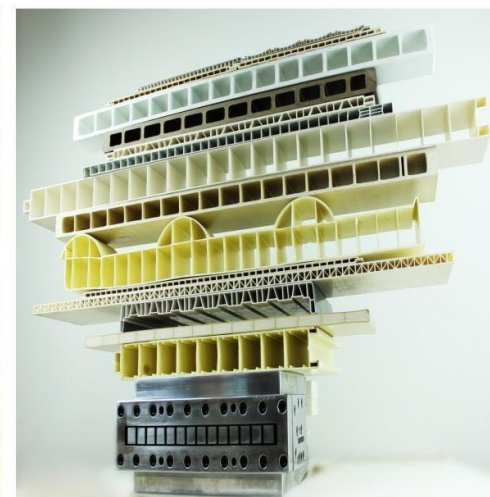

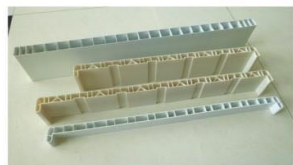

电加热棒植入模具内部，省电50%。

High efficiency and saving energy  
It can save 50% electricity with electric heating bars inside the mould.

特制紧固件保护装置  
Specially-made fastener protector

### 中空格子板模具、木塑门板模具的应用

The application of hollow board & wpc door board tooling

中空整体门、折叠门、中空橱柜板、家具中空板材等  
One-unit hollow door, folding door, cabinet and furniture, etc.
